Not Your Slave

Battlecross

You've killed
You have killed yourself with grief
You crave undeserving sympathy
All your lies a fictitious fantasy
All the hate playing your game of self-defeatTwisting words that you create
Deception controlling your fate
Manipulated like a pawn
Forever this will carry on
I'm not your slave
I refuse to be a part of this your fabricated game
I am not your slave
You have tricked yourself into believing you're not the enemyDrowning in your filth
A plague to humanity
Raped of all free will
You're blinded by vanity
As you sulk around
Seeking out sympathy
Condemned to solitude
You are the enemyYou tried taking advantage over me
You failed to gain power over me
Now it's done I see you now for who you are
Now it's time to forget you and who you are
I'm not your slave
I refuse to be a part of this your fabricated game
I am not your slave
You have tricked yourself into believing you're not the enemyYou can no longer pretend you're the victim
The transparency of your lies will not conquer me
