Mind Matters

Dark Tranquillity

You are all that matters in my private demonology
Those who fail us now, the sons of wishes
The bastard child of dream, enemies of hope
Let it be gone it's all pretend
Mind matters matters not

Never again in perfect clarity
See the day with childlike vision
Where does it lead from here on
Without that guidance disaster role model
Without a part our search is wider

Cast off those wide-eyed hopes and dreams
Mind matters matters not
No need to see you there
The path we made is clear
Just stay ahead of me
This is not safe for me to see

This time, a prayer onto nothing
Project again, direct oppose to action
All across the board
Shortcomings close to call
