

# I Wanna Know

Kandi

If you got kids back home, I wanna know  
If you don't, I wanna know  
If you're straight or you're ain't, I wanna know  
If you're broke, I wanna know I wanna know, I wanna know, I wanna know  
I wanna know, I wanna know, I wanna know If you wanna be with me, I gotta know  
What you doin'? Where you goin'? What you havin'?  
Who you love? Who you like? Who you're seein'?  
Before I let you in 'Cuz I learned from my past, oh yes, I did  
Met a guy that I liked, he was my type  
But he lied 'bout his wife  
And he tried to play me, play me Now how long was he gone  
Way before he told me 'bout that  
I can't believe he did me like that  
Something I should've known, oh yeah But I've learned my lesson  
Not again will I be naive  
I need to know the secrets y'all keep  
'Cuz what I don't know could come back on me If you got kids back home, I wanna know  
If you don't, I wanna know  
If you're straight or you're ain't, I wanna know  
If you're broke, I wanna know I wanna know, I wanna know, I wanna know  
I wanna know, I wanna know, I wanna know If you wanna fall in love, gotta be aware  
'Bout the life that your lover's been leadin'  
So you know if they gonna be schemin'  
Or if they gonna dog you out 'Cuz I know I've had my share, oh yes, I did  
Did me wrong, stayin' at some woman's place  
I'm scared he was not a closet case  
Still was cheatin' but not that way Now how long was he gone  
Way before he told me 'bout that  
I can't believe he did me like that  
Something I should've known, oh yeah But I've learned my lesson  
Not again will I be naive  
I need to know the secrets y'all keep  
'Cuz what I don't know could come back on me If you got kids back home, I wanna know  
If you don't, I wanna know  
If you're straight or you're ain't, I wanna know  
If you're broke, I wanna know I wanna know, I wanna know, I wanna know  
I wanna know, I wanna know, I wanna know Ladies, oh, ladies  
Gotta know the partners he's had  
So later on you won't be mad

Findin' out what you don't know And fellas, oh, fellas  
Check for that Adam's apple  
So you won't be on no talk show  
Findin' out what you don't know If you got kids back home, I wanna know  
If you don't, I wanna know  
If you're straight or you're ain't, I wanna know  
If you're broke, I wanna know I wanna know, I wanna know, I wanna know  
I wanna know, I wanna know, I wanna know If you got kids back home, I wanna know  
If you don't, I wanna know  
If you're straight or you're ain't, I wanna know  
If you're broke, I wanna know I wanna know, I wanna know, I wanna know  
I wanna know, I wanna know, I wanna know  
I wanna know, I wanna know, I wanna know  
I wanna know, I wanna know, I wanna know  
I wanna know, I wanna know, I wanna know
