Is There Anybody Out There?

Machine Head

Is there anybody out there?
Is there anybody out there?
Is there anybody out there?
Is there anybody out there?Oh, come on
Is there anybody out there?I was born as a bastard, no father, no master
A shadow in silence left searching for answers
Put up for adoption and left with no option
Another kid fostered to fester forgotten
Take a look into these desperate eyes
As they're cast into the wretched hiveBut I ain't going down alone
Is there anybody out there?
Anybody listening to me?
Is anybody else scared?
The paranoia, drops me to my knees
Does anybody feel lonely?
Disconnected from the things I see
Is there anybody out there?
Anybody out there just like me?
I'm choking on these words and I can't breatheCome on
Is there anybody out there?Now I stand as a father, to men with no honor
Ashamed of the racists I used to call brothers
'Cause no flag can mean bravery when bloodied by slavery
The rebel, a devil, disguised as a savior
And the sickening feeling in the air
Is the fear to speak that no one daresSo will I stand here all alone?
Is there anybody out there?
Anybody listening to me?
Is anybody else scared?
The paranoia, drops me to my knees
Does anybody feel lonely?
Disconnected from the things I see
Is there anybody out there?
Anybody out there just like me?
I'm choking on these words and I can't breatheLive my life like I'll die tonight
Dream like I'll live forever
Live my life like I'll die tonight
Dream like I'll live foreverI have roared at the world for years
Doesn't anybody hear me?
This burden suffered, I've paid the cost

Not all who wander are lostIs there anybody out there?
Anybody listening to me?
Is anybody else scared?
The paranoia, drops me to my knees
Does anybody feel lonely?
Disconnected from the things I see
Is there anybody out there?
Anybody out there just like me?
I'm choking on these words and I can't breatheCome on
Is there anybody out there?
Is there anybody out there?
