Soul Rebel

Tawara Shen Kool

sway it to the left sway it to the right
soul rebels spread some light
can you hear the sirens itâ€™s about time
no Morality is left in the hive

there is plenty of honey stored
plenty for the rich none for poor
the jars shouldnâ€™t be that big
when no winner takes it all everyone gets his lick
Gelee Royal is saved for the queen
I wanna know does everybody agree
if you donâ€™t not a reason to hide
light up your flame and show us your light
sway...

this line goes to the men of power to the hunters of cash
wrap yourself in money and then try to relax
the knocking wonâ€™t stop youâ€™ll be chased by the beat
by the sacrificed blood driping down on your feet
youâ€™ll leave food prints youâ€™ll leave a spoor
hunted by hunting wolves
they will get you and eat you alive
nobody will hear you screaming in the dark
