

Yesterday's News

Streamline

(verse)

There was time when your call made me weak
But now when you call you will get my machine
So if you thought I'd wait just because you called me "love"
Then open your hand and grasp a glimpse of what you've got now

(chorus)

So if you leave then you'll see your mistakes
How you need me
So don't worry about me for I'll be strong
You're yesterday's news this was never your song

(verse)

There was a time where your call made my week
But all that is left of us is something you can't see
So if you thought I'd wait just because you called me "love"
Then open your hand and grasp a glimpse of what you've got now

(chorus)

And if you leave then you'll see your mistakes
And you need me
So don't worry about me for I'll be strong
You're yesterday's news this was never your song

(bridge)

Don't worry about me I'll be fine on my own
When you turn around this time I'm gone

(I'm gone)

Gone

I'm gone

I'm gone

(chorus)

And if you leave then you'll see your mistakes
How you need me
So don't worry about me for I'll be strong
You're yesterday's news this was never your song
And if you leave
So if you thought I'd wait just because you called me "love"
You're yesterday's news this was never your song
