

Love Like Ghosts

Lord Huron

Yes, I know that love is like ghosts.
Oh, few have seen it but everybody talks.
Spirits follow everywhere I go.
Oh, they sing all day and they haunt me in the night. Yes, I know that love is like ghosts.
Oh, and what ain't livin', can never really die.
You don't want me baby please don't lie
Oh, but if you're leaving I gotta know why.
I said if you're leaving I gotta know why.
Oh, I sing all day and I love you through the night. Yes, I know that love is like ghosts.
Oh, and the moonlight baby shows you what's real.
There ain't language for the things I feel.
And if I can't have you then no one ever will.
Oh, if I can't have you then no one ever will. I don't feel it 'til it hurts sometimes
So go on baby, hurt me tonight.
I want ours to be an endless song.
Baby, in my eyes you do no wrong. I don't feel it 'til it hurts sometimes
So go on baby, hurt me tonight.
All the spirits that I know I saw
Do you see no ghost in me at all? Oh, I sing all day and I love you through the night.
