

Little Texas

David Lee Roth

An armed assailant, a farmer's daughter
Texas pavement an a angry father
Sometimes a straight line and then sometimes you wander
My first time in the spotlight was from a helicopterCall the boss of Big town get the riot squad
Tell your star reporter that he's got himself a job
But no Prob Bob and Murphy, two comedians
A little luck and attitude [incomprehensible]Cowboys and injuns
Hey, we ain't playin'
This wild frontier
Can kill you on occasionFrom Broadway to Cheyenne
Aces wild yes we am
Say, hello to my best friend
Little TexasRide to live, live to ride
Let 'em roll one more time
Always keep her by my side
Little TexasUnimpressed a great degree with a serious pedigree
If I get into a fix, jump little Texas in the mix
Produce it, better use it if I produce it someone's leavin'
I'm a real nice guy but little Texas keeps things evenCowboys and injuns
Hey, we ain't playin'
This wild frontier
Can kill you on occasionFrom Broadway to Cheyenne
Aces wild yes we am
Say, hello to my best friend
Little TexasRide to live, live to ride
Let 'em roll one more time
Always keep her by my side
Little TexasAn armed assailant, a farmer's daughter
Texas pavement an a angry father
Sometimes a straight line, sometimes you wander
My first time in the spotlight was from a helicopterBroadway to Cheyenne
Aces wild yes we am
Say, hello to my best friend
Little TexasRide to live, live to ride
Let 'em roll one more time
Always keep her by my, my, my, my, my side
Ooh, little TexasOoh yeah, yeah
Yeah, yeah, yeah
