Danger Is Go!

Powerman 5000

Go, go, go, go, go
Danger is go!
Go, go, go, go, go
Danger is go!
Faithless, hopeless, needless, excess
Fear this, find this, fill this reject
Build and burn and break this down
The helpless only make this sound
Go, go, go, go, go
Danger is go!
Go, go, go, go, go
Danger is go!
Come on
You wanted, you wanted, you wanted danger
You needed, you needed, danger, danger
You wanted, you wanted, you wanted danger
You needed, you needed, danger, danger
Go, go, go, go, go
Danger is go!
Go, go, go, go, go
Danger is go!
Sickness, quickness, gutless, respect
Fallen, frozen, fashion reflect
Turn and twist and tear this down
The soulless only make this sound
You wanted, you wanted, you wanted danger
You needed, you needed, danger, danger

You wanted, you wanted, you wanted danger
You needed, you needed, danger, danger
Go, go, go, go, go
Danger is go!
Go, go, go, go, go
Danger is go!
Go, go, go, go, go
Danger is go!
Go, go, go, go, go
Danger is go!
You wanted, you wanted, you wanted danger

(Build it, burn it, break it down, build it burn it)
You needed, you needed, danger, danger
You wanted, you wanted, you wanted danger
(Build it, burn it, break it down, build it burn it)
You needed, you needed, danger, danger
You wanted, you wanted, you wanted danger
(Build it, burn it, break it down, build it burn it)
You needed, you needed, danger, danger
You wanted, you wanted, you wanted danger
(Build it, burn it, break it down, build it burn it)
You needed, you needed, danger, danger
Liar, liar, liar, liar
Liar, liar, liar, liar
