

Danger Is Go!

Powerman 5000

Go, go, go, go, go

Danger is go!

Go, go, go, go, go

Danger is go!

Faithless, hopeless, needless, excess

Fear this, find this, fill this reject

Build and burn and break this down

The helpless only make this sound

Go, go, go, go, go

Danger is go!

Go, go, go, go, go

Danger is go!

Come on

You wanted, you wanted, you wanted danger

You needed, you needed, danger, danger

You wanted, you wanted, you wanted danger

You needed, you needed, danger, danger

Go, go, go, go, go

Danger is go!

Go, go, go, go, go

Danger is go!

Sickness, quickness, gutless, respect

Fallen, frozen, fashion reflect

Turn and twist and tear this down

The soulless only make this sound

You wanted, you wanted, you wanted danger

You needed, you needed, danger, danger

You wanted, you wanted, you wanted danger

You needed, you needed, danger, danger

Go, go, go, go, go

Danger is go!

Go, go, go, go, go

Danger is go!

Go, go, go, go, go

Danger is go!

Go, go, go, go, go

Danger is go!

You wanted, you wanted, you wanted danger

(Build it, burn it, break it down, build it burn it)

You needed, you needed, danger, danger

You wanted, you wanted, you wanted danger

(Build it, burn it, break it down, build it burn it)

You needed, you needed, danger, danger

You wanted, you wanted, you wanted danger

(Build it, burn it, break it down, build it burn it)

You needed, you needed, danger, danger

You wanted, you wanted, you wanted danger

(Build it, burn it, break it down, build it burn it)

You needed, you needed, danger, danger

Liar, liar, liar, liar

Liar, liar, liar, liar
