

Baptism of Fire

Sodom

Product of my breeding
Inauspicious shapes
Formed by depravity
Abnegation of my past Resigning, ireful
Watching the depopulation
Danger, impotence
Envelope the world with fear Unnatural decay
Disclose the human need
Ptomaine, cremation
Baptism of fire we'll not survive Abject and spirited
Getting excessive with results
Dislike a normal life
Excruciating waste away Resigning, ireful
Watching the depopulation
Danger, impotence
Envelope the world with fear Unnatural decay
Disclose the human need
Ptomaine, cremation
Baptism of fire we'll not survive Symptoms of pathogenia
De-propotionate your body
Incurable disfigurement
Bones decompose alive Resigning, ireful
Watching the depopulation
Danger, impotence
Envelope the world with fear Unnatural decay
Disclose the human need
Ptomaine, cremation
Baptism of fire we'll not survive Return to biogenetics
Turn over a new leaf
To form a vicious circle
Till end of time
