

# Jealous Girls (New Young Pony Club Remix)

## Gossip

You said your peace  
It's killing me  
I can't believe  
It's over Your not the enemy  
But underneath  
You don't agree  
Take comfort that  
It's over, over See you're hands tight  
You feel shy  
Believe I'm on your side  
Now and forever, oh Jealousy  
Won't get you anything that you've lost  
Jealousy  
It will never be what it was  
Jealousy  
Well I'm afraid of what I've become  
Jealousy  
It feels like everything has come undone Your not the enemy  
But underneath  
You don't agree  
Take comfort that  
It's over, oh over There's an emergency  
A dire need  
For the remedy  
Take comfort that  
It's over, oh over Because jealousy  
Won't get you anything that you've lost  
Jealousy  
Well it will never be what it was  
Jealousy  
Well I'm afraid of what I've become  
Jealousy  
It feels like everything has come undone[x2]  
No matter what the price  
They can't take me No matter they won't No matter what the price  
They can't take me
