

Arizona Waiting

Dinosaur Pile-Up

Sky coming crashing down
You wanna feel when it's over
Ten thousand miles an hour
Desire is tearing you open
That's what you said
Twenty-fourscream
Scream at my reflection
Freak
Make no connection to me
Promises made are for keeps
Horizon turning red
You wanna run 'till you're breathless
Coyote's eyes in your head
You're sky is turning fluorescent
That's what you said
Twenty-four
scream
Scream at my reflection
Freak
Make no connection to me
Promises made are for keeps
