So Long (feat. Alice Russell)

Quantic

In the blowing, wheels are turning
Trying to get to, where I'm going
In this road, I find no reason
Only feet, find a path.In the field in all the county
Got a dream by my side
Put it softly, all around me
Its the voices, show me the way.See this journey, that I've been travelling
So much longer than I thought
To this place that I'm returning
I see the foot prints from once before.So long, so long
So long, so long
So long, so long
So long, so long
