

# So Long (feat. Alice Russell)

## Quantic

In the blowing, wheels are turning  
Trying to get to, where I'm going  
In this road, I find no reason  
Only feet, find a path. In the field in all the county  
Got a dream by my side  
Put it softly, all around me  
Its the voices, show me the way. See this journey, that I've been travelling  
So much longer than I thought  
To this place that I'm returning  
I see the foot prints from once before. So long, so long  
So long, so long  
So long, so long  
So long, so long
