

# Take It Easy

## The Right Ons

Brethren don't cut me when I'm going, I don't hear myself  
We 'bout to drop, drop, drop, drop  
You can bring the beat up a little bit in the headphones  
Bring the beat up a little bit  
We 'bout to drop, we 'bout to drop, drop, drop, drop  
I got Moxie, I'm so damn foxy  
Industry try to block me like cops and paparazzi  
Full stop, don't copy, just cop me properly  
Everybody same policy, universal equality  
Responsibility, polity, to survive economically  
Some people do it comically, fruits of freedom, equality  
Invest your money properly, people owe me apology  
Intellectual property, stealing stolen commodity  
Souls searching or controlling and robbery, cold lack of camaraderie  
Clones, copycats bother me, mine, own, blind cats, follow me  
Honesty, honesty, honestly, all these jokes are common-league  
Puppets with no autonomy, yup it's Fugees entirely  
I see you looking but you better take it easy  
Tell your crew I said tell 'em take it easy  
Here's come the rocket launcher, you better take it easy  
Take it easy, take it easy  
(Too sleazy)  
Too much ex mami, take it easy  
Good with the sex mami, you'll be like, take it easy  
(Ay papi)  
Better take it easy, take is easy, take it easy  
You movin' bricks but you better take it easy  
Here's a tip, you're too flashy  
I don't tip twice, but you best friend he DT  
And that dog sniffin' in the back ain't Lassie  
And I ain't rhymed in a minute, but ya'll ain't catch up  
And that ain't blood on your shirt, man that's ketchup  
(That's ketchup)  
Picture Clef getting a writer to give him help  
I'd rather kill myself become a ghost and write for myself  
(Oh my God)  
'Cuz I'm the top celebrity, top celebrity, top celebrity, MC  
(Bing)  
I flow for the thugs, gypsies, and hippies

(Bing)

A ghetto maestro with a Nat Turner flow

(Bing)

Malcolm X come out, hit the Klu Kulx Show

(Shoo, woo, woo)

I see you looking but you better take it easy

Tell your crew I said tell 'em take it easy

Here's come the rocket launcher, you better take it easy

Take it easy, take it easy

(Too sleazy)

Too much ex mami, take it easy

Good with the sex mami, you'll be like, take it easy

(Ay papi)

Better take it easy, take is easy, take it easy

Don't you know originals get plagerized

Majors minors, must supervise

Haters, climbers get scrutinized

Placaters, blind and stupid guys

Wicked people choose homicide

Dregs of society heathen 'em

Beggars, bogus misleading dem, Nigra, Negro, Negrito 'em

Angelitos con libre dem, Chico's, Chica's completing them

Addiction, fiction, bleeding them, capitalism eating them

Misunderstanding cheatin' them, the ignorance defeating them

True loyalty is leaving them, got royalty believing them

Eyes open deceiving them, reconciling, receiving them

Reckless driving and grieving them

Matthew Andrew and Peter them

(Slow down)

We 'bout to reconcile

We 'bout to reconcile

We 'bout to reconcile

(Reconcile)

We 'bout to reconcile

(Recon, recon, reconcile)

We 'bout to reconcile

(Rell 'em to give off my style)

(Slow down)

We 'bout to reconcile

(Reconcile like Public Enemy)

We 'bout to reconcile

(Slow down reconciliation)

(Tell 'em to get off my style)

We 'bout to reconcile

(Running with my crew again)

We 'bout to reconcile

(Slow down)

(Tell them to get my off style)

We 'bout to reconcile

(Slow down)

(Tell them to get my off style)

(Ay yo)

(Yo yo yo yo yo)

Stop the track, what ya'll thought I wasn't coming

Been in the L.A., few flicks, few millions

Back with the Fugees, foo-fighting for a few billions

Dub plate dealing, sound boy killin'

Anything we do, we want that cap for me realin'?

Angelo, Simone, Michelle, you know them willin'

Can't fight the feelin' when I pull in the SFR

Every girl love's a ghetto superstar

(That's Pras baby)

Run hip hop like pin stripe Lees and

I got love for my crew like Big had for Cease

(C's)

Pull and squeeze on these MC's

I don't really wanna do it, take it easy

I see you looking but you better take it easy

Tell your goons that they better take it easy

Here's come the rocket launcher, take it easy

take it easy, you better take it easy

(Too sleazy)

Too much ex mami, take it easy

Good with the sex you'll be like take it easy

(Ay papi)

Mami take it easy, take is easy, you better take it easy

We got L-Boogie in the house

(What)

Prazwell in the house

Clef, Jerry Wonder, yeah

Big Ro I see you in the back

(Rohan)

Let's get this thing started

Let's stay focused, focused, focused, focused

Oh, if you don't know what's goin' on man

The Fugees back on the street, serious thing right now

You scared yet, ah pack your dibby dibby dub box
