

I Don't Believe You

K'la

So you quote love unquote me
Well, stranger things have come to be
But let's agree to disagree
'Cause I don't believe you
I don't believe you
You tell me, I'm not not cute
Its truth or falsity is moot
'Cause honesty's not your strong suit
And I don't believe you
I don't believe you
You tell me of what once was
And all about buck, butch and buzz
How they were not like me because
But I don't believe you
I don't believe you
I had a dream and you were in it
The blue of your eyes was infinite
You seemed to be
In love with me
Which isn't very realistic
You may sing me, "They were you"
And I start crying halfway through
But nothing else you say is true
So I don't believe you
I don't believe you
You may set your charm on stun
And say, "I'm delightful and fun"
But you say that to everyone
Well, I don't believe you
I don't believe you
So you're brilliant gorgeous and
Ampersand after ampersand
You think I just don't understand
But I don't believe you
I don't believe you
I don't believe you
I don't believe you
