Notorious Scum

Tankard

Woke up this mourning in a dirty room
All naked, pissed, in a pool of puke
We did it again!
On the road to the next location
Going crazy on a tour de force
A whiskey breakfast, loads of drugs
There's plenty of chicks!
Getting stoned in a Blow Job's heavenJust watch our show
Hell on earth has come to town
Ears deaf, you will know
We turned your graveyard upside downHey, dude, we are freaks of life
We are notorious scum, scum we are!
Fuck you! We'll fuck your wife
We are notorious scum, scum we are!Born in the gutter of our fucking town
Dealin' crack to survive the day
We're killers of man!
Dominant, never showed some mercy
Today we give a shit about our past
Life is too short, so live it fast
Get out of the way!
Money rules, we are free of sinJust watch our show
Hell on earth has come to town
Ears deaf, you will know
We turned your graveyard upside downHey, dude, we are freaks of life
We are notorious scum, scum we are!
Fuck you! We'll fuck your wife
We are notorious scum, scum we are!Woke up this mourning in a dirty room
All naked, pissed, in a pool of puke
We did it again!
On the road to the next location
Going crazy on a tour de force
A whiskey breakfast, loads of drugs
There's plenty of chicks!
Getting stoned in a Blow Job's heavenJust watch our show
Hell on earth has come to town
Ears deaf, you will know
We turned your graveyard upside downHey, dude, we are freaks of life
We are notorious scum, scum we are!
Fuck you! We'll fuck your wife

We are notorious scum, scum we are!
