You And Me

Musiq

I never thought on the first night
You would bare what you hold so dear to life
And share with me
All your innermost fantasies babyAnd afterwards in my arms you cried
Had me feeling some kind of way on the inside
Then I knew
It was going to be me and youSo if the no one was to believe
That what we share was meant to be
Then it would be just you and me against the world
And if our friends and family
Can't bear to see us both happy
Then it will be just you and me against the world, yeahNow I'm not the kind that kiss and tell
But my man said that he really knows you well
But I don't care
'Cause I wanna know you for my damn selfAnd even if my sister said you scandalous
Said you're known to go from one man to the next
But I don't care what she say
'Cause you're going to forever be my ladySo if the no one was to believe
That what we share was meant to be
Then it would be just you and me against the world
And if our friends and family
Can't bear to see us both happy
Then it will be just you and me against the world, yeahI wouldn't care if you were a prostitute
And that you hit every man that you ever knew
You see it wouldn't make a difference
If that was way before me and youAnd you don't ever have to worry about me as long as you keep it real
Whatever's on your mind, you speak on how you feel
Stay truthful to me never lie to me and don't ever keep no secrets
No matter whatever, whatever no girl you know what I meanThey can say what they want
But it'll never change my views
'Cause they'll never know you
The way that I know youSee I'm trying to share the rest of my whole life with you
And if we got to be alone, so be it baby
And If they can't understand our love
Then we don't need them babySo if the no one was to believe
That what we share was meant to be
Then it would be just you and me against the world
And if our friends and family
Can't bear to see us both happy

Then it will be just you and me against the worldSo if the no one was to believe
That what we share was meant to be
Then it would be just you and me against the world
And if our friends and family
Can't bear to see us both happy
Then it will be just you and me against the worldSo if the no one was to believe
That what we share was meant to be
Then it would be just you and me against the world
And if our friends and family
Can't bear to see us both happy
Then it will be just you and me against the world
