

Swallowing Everything

Helmet

Hanging out with all these dicks
Still collecting tokens
Knock 'em back, you're making no sense
You live in the moment Wonder you're not morning sick
Making conversation
This dull arithmetic
All these stock exchanges Swallowing everything
Sinker, hook and line
Paralyzed, anesthetized
Wasted one more time Swarming now in duplicate
Self-esteem consultants
They are fit yet unequipped
Cannot be insulted Swallowing everything
Sinker, hook and line
Paralyzed, anesthetized
Wasted one more time Swallowing everything
Sinker, hook and line
Paralyzed, anesthetized
Wasted one more time Swallowing everything
Sinker, hook and line
Paralyzed, anesthetized
Wasted one more time
