spot-o-matic freeze

We Are Scientists

It began in May, with a train wreck in Virginia;
A boxcar overturned and burst into flame.
A dark cloud formed made of hydrogen dioxide.
A Spotomatic Freeze was born that day.Woah, woah; Spotomatic Freeze
(Repeat 2x)Then it went South and it covered up Atlanta -
It rained toxic hail there for days.
Then it got smart, and it headed North to Washington;
Brought the whole damn country to its knees.Woah, woah; Spotomatic Freeze
(Repeat 2x)That's when the President called We Are Scientists
And we came to save the day.
We couldn't stop the freeze, so we sent it to Alaska
And as far as we know, it's still there today.We all sayWoah, woah; Spotomatic Freeze
(Repeat 2x)Woah, woah; Spotomatic Freeze
(Repeat 2x)
