Special

Jus K

Mmm, mmm, oh, no
You shouldn't question yourself about me

It's been a long, long time since I said I love you(love you)
And I know it's been a while since I took the time to hold you
And I'm sorry girl

(Chorus)
Girl take my hand
Let me tell you
How much you mean to me
And that you're special(you're special)
I should say it more
That it's you I adore
You shouldn't have to question yourself about me

I know at times I could be so cold to you
But girl that doesn't mean that I'm not in love with you(baby)
I'm gonna change my ways

(Chorus)

No, no, no, no, no

I know I should tell you(I should tell you)
You shouldn't have to ask me(no you shouldn't girl)
How much you mean to me
It's my responsibility(it's my my responsibility)
You chose to give me your heart(oh)
I shouldn't tear it apart
You shouldn't question yourself about me(shouldn't question yourself about me)

(Chorus 2x)
