4 Ever

The Real Booty Babes

K one
We both know that our love will grow
And forever will be you and me
Give me a woman that get down for me, my one and only
That don't fuss or fuck around on me or leave me lonely
Not just a honey but a homey, just wanna hold me
'Cuz she got a lotta love for me and put it on me
If I need that, plus she understand me when I beat that
It's sweet like candy, this time I might just eat that
You steal my heart, sweetheart then you can keep that
Let's bar hop and find us a spot where we can chief at
Push the seats back, you got the kinda body
Niggaz beep at, try to speak at but get no feedback
Sophisticated, miss highly edumicated
Living well lady, that made it, type of woman you stay with
We both know that our love will grow
And forever will be you and me
Give me a queen that respects a king just like Coretta
Get everything except the ring for worse or better
Even through the stormy weather, rain, sleet, snow
Whatever, see if it go down, we go together
Like Twix bars, ain't no problem that we can't fix, ma
You ain't gotta sugar my tank or key the kid car
'Cuz broken hearts leave big scars, when emotions get hit hard
Niggaz get drunk and hit the strip bar
But that ain't even ya man's style, even back as a manchild
That's where I stood and where I stand now
I'm throwing rocks at your window pane
Trying to bang, girl, like injure pain, you know the game
We both know that our love will grow
And forever will be you and me
No matter what we go through
(What we go through)
I'll be there for you
(There for you)
I'll never let you down
I'll just hold you down
Oh, ooh
No matter where we be

(Where we be)
I'll do it all again
(All again)
The ups and down
I'll hold you down
Oh, ooh
Give me a woman that get down for me, my one and only
She don't fuss or fuck around on me or leave me lonely
Not just a honey but a homey, just wanna hold me
'Cuz she got a lotta love for me
And now I gotta lotta love for her, might even take a slug for her
And everywhere we go, pull out that red rug for her
Yeah, them back rubs in the bathtub, got me cleaning my act up
I'm ready to shack up, now that's love
Nobody can love you like me, boy
I'll promise to be your only girl
Don't ever leave, just stay
You will be down for me, anyway
Ah, you and me together, baby
We both know that our love will grow
And forever will be you and me
