

# Pushin' a Good Thing Too Far

Barbara Lewis

From the beginnin', you've been winnin'  
I've been givin' in to you  
I'm at the point of no return, I'm burnin'  
But it's time you learned a thing or 2  
You're pushin' a good thing  
You're pushin' a good thing  
You're pushin' a good thing too far It's like a slap across my face  
Or cheek & every place disgracin' me  
Now everybody's talkin' 'bout it  
They say I should walk right out on you, they see  
You're pushin' a good thing  
You're pushin' a good thing  
You're pushin' a good thing too far (Low so feelin' you're mad, come on & kiss me)  
Better listen good to what I'm sayin'  
No more kissin' till you stop playin' games  
(Baby I love you)  
If you do, then don't you abuse me  
Or you will lose me, ah You're pushin' a good thing  
You're pushin' a good thing  
You're pushin' a good thing too far  
So keep on pushin', come on, come on come on  
Keep on pushin', oh I want you to keep pushin'  
Come on
