

Naked Flame

The Cruel Sea

Jumpin' over fences
Stealing clothes
Goin' down drain pipes
Followin' my nose
Goin' underneath

Where the slow ones go
Throwin' rocks at houses
Breakin' windows
Runnin' down the street
In the pourin' rain

Burnin' down the houses
In the neighborhood again
Stealin' pet food
Draggin' my chain
Bathin' in the light
Of the naked flame

You see our enemies are many
And my friends are few
But look into my eyes
I'll fall in love with you
Checkin' out my brothers

For the taste of glue
Hangin' round the pub house
Buy a schooner of new
Mamma was criminally insane
No one new her troubles

And no one new her pain
But she gave me something
That I will never lose again
And that was the love
Of the naked flame

Oh here we go again
Oh where there's

Smoke there's flames

So when we steal your things
And break into your home
I can reassure you
That you are not alone
Many many people

And the proof can be shown
There's no such thing as safety zones
Runnin' down the street
In the pourin' rain
Burnin' down the houses

In the neighborhood again
Stealin' pet food
Draggin' my chain
Bathin' in the light
Of the naked flame

Oh here we go again
Oh where there's
Smoke there's flames
