

I Found Someone

Blake Shelton

I picked up the phone
She said hey it's me
I know it feels like forever since I've heard your voice
But I guess that's how it had to beSo we talked awhile
 'Til she said I better go
 But before we hung up she said
There's something you need to knowI found someone
 It just happened outta the blue
 Even though I'm moving on
It don't mean that I don't still love youAnd you'll always have
 A place here in my heart
 But somewhere in this new life I've begun
 I found someoneWell I wasn't surprised
 Still it hit me kinda hard
 It's hard to believe a little space and time
Could turn into miles and worlds apartI said I'm happy for you
 You deserve the very best
 Since you've been gone I've done some praying
 Some searching for myselfAnd I found someone
 It just happened outta the blue
 And even though I'm moving on
It don't mean that I don't still love youAnd you'll always have
 A place here in my heart
 But somewhere in this new life I've begun
I found someoneBut it took tears and time down on my knees
 And it's not who you'd ever guess
 Or who I dreamed it'd be
But in the mirror one morning looking back at meI found someone
 It just happened outta the blue
 And it took everything I had
 It took me losing youBut you'll always have
 A place here in my heart
But somewhere in this new life I've begunLooking for my place under the sun
 I found someone
