Girls And Boys In School

Neon Trees

Play me down my lover
Like we're undercover
Like we're in our freshman year
Like all the girls and boys in schoolOur anticipation
And our bad behavin'
It's like we learned or lesson
But conveniently forgot the rulesQuestions for questions
I've got a question
Would you ever dance with me like that
Questions for questions
I've got a question
Would you ever dance with me like thatI don't want your lover
Like my younger brother
He's patronized another
But I think it's serious this timeI don't want you fading
Acting like you hate me
It's just like all your paper cuts
They cut you in the coldest spotsQuestions for questions
I've got a question
Would you ever dance with me like that
Questions for questions
I've got a question
Would you ever dance with me like thatFuck all the rest and forget the rules
Like all the girls and boys in my school
Questions for questions
I've got a question
Would you ever dance with me like thatI said to this end
Don't hurt your best friend
I said to this end
Don't hurt your best friend
I said to this end
Don't hurt your best friend
I said to this end
Don't hurt your best friendQuestions for questions
I've got a question
Would you ever dance with me like that
Questions for questions
I've got a question
Would you ever dance with me like thatFuck all the rest and forget the rules

Like all the girls and boys in my school
Questions for questions
I've got a question
Would you ever dance with me like thatWould you ever
Would you ever
Would you ever
Would you ever
Keep playing along again
