

X's & O's

Jeremih

I hate how, can't take how
I'm choosing, I'm wifing, can't date now
You make my life so great now
I love if you like it 'cause shawty you so down So I gotta give it up for your love
Can't get enough 'cause shawty you so fine
So I gotta give it up for your love
Can't get enough, I think I found miss right So girl, you know I got X's and O's
'Cause I know you need X's and O's
So baby, when you want X's and O's
I'm sincerely yours, girl Girl, you know I got X's and O's
'Cause I know you need X's and O's
So baby, when you want X's and O's
I'm sincerely yours, girl It's your time, it's my time
We share it, don't care 'cause you're all mine
No breakups, no make-ups
Won't dare not to cherish you 'cause shawty you so down So I gotta give it up for your love
Can't get enough 'cause shawty you so fine
So I gotta give it up for your love
Can't get enough, I think I found miss right So girl, you know I got X's and O's,
'Cause I know you need X's and O's
So baby, when you want X's and O's
I'm sincerely yours, girl Girl, you know I got X's and O's
'Cause I know you need X's and O's
So baby, when you want X's and O's
I'm sincerely yours, girl Oh, I know what I got
So I gotta treat my lady like a diamond
All them other ladies, never mind them Ooh, I know what I got
So she know that she ain't ever need to beg me
If I want it, shawty
Only so you know that I gotta give it up Yeah, I gotta give it up
'Cause I found miss right So I gotta give it up for your love
Can't get enough 'cause shawty you so fine
So I gotta give it up for your love
Can't get enough, I think I found miss right So girl, you know I got X's and O's
'Cause I know you need X's and O's
So baby, when you want X's and O's
I'm sincerely yours, girl Girl, you know I got X's and O's
'Cause I know you need X's and O's
So baby, when you want X's and O's

I'm sincerely yours, girl
