

Let Love

Audio Adrenaline

Let love, let love Love lets, love forgets
We don't need a world of regrets
So let's love Let's love one another
Let's give love to the other
Black or white, young or old
Everybody needs a little love to hold Love's my light that lets me see
Love's my key that sets me free
Love is right, love is good
Give it out, I know I should Love was shed on a tree
Look out, world, Calvary
I am glad I'm a victim of love Let love linger over Tokyo
Let love soak down through Idaho
Let love stay like a Port-de-Paix
Let love, let love Love never envies, love doesn't boast
Giving out love you get the most
Let love, let love, let love go, let it flow
Let it come out of you and let it show, love Let love linger over Tokyo
Let love soak down through Idaho
Let love stay like a Port-de-Paix
Let love, let love Let love linger over Tokyo
Let love soak down through Idaho
Let love stay like a Port-de-Paix
Let love, let love Let's love one another
Let's give love to the other Let love linger over Tokyo
Let love soak down through Idaho
Let love stay like a Port-de-Paix
Let love, let love Let love linger over Tokyo
Let love soak down through Idaho
Let love stay like a Port-de-Paix
Let love, let love Let love linger over Tokyo
Let love soak down through Idaho
Let love stay like a Port-de-Paix
Let love, let love
