

# Sweet Talk

## Spiritualized

Well, you sweet talk like an angel  
But you're driving this blind  
But don't you sweet talk like an angel tonight  
Well, you sweet talk like an angel  
With a heart full of lies  
But don't you sweet talk like an angel tonight  
And you talk like your mother and your father  
But you just close your eyes  
You don't care who you're messing around this time  
I can't take care of my baby  
I can't take care of mine  
'Cause no God given war in this world's about life  
And you say, where do you stand on the war?  
Well, you stand right where you stood before  
As far from the bullets and bombs as they fall  
And you stand there and fight for it all  
But you don't own a gun  
And when the shells start to fall all around  
You don't have to run  
And you sweet talk like an angel  
But you're driving this blind  
Don't you sweet talk like an angel tonight  
But don't you sweet talk like an angel tonight  
But don't you sweet talk like an angel tonight  
But don't you sweet talk like an angel tonight
