

# Still

## Macy Gray

In my last years with him there were bruises on my face  
In my dawn a new day  
I finally got away  
But my head's all messed up and he knows just what to say  
No more dawn and new days  
I'm goin back to stay  
So why say bye bye  
When it only makes me cry  
I still  
Light up like a candle burnin' when he calls me up  
I still  
Melt down like a candle burnin' every time we touch  
Oh say what you will  
He does me wrong and I should be gone  
But I still  
Be lovin' you baby and it's much too much

We are goin down  
'Cause you're always getting high  
And your crumbs of lovin'  
No longer get me by  
Wow! It get better every time that we get high  
Then your crumbs of lovin'  
They somehow get me by  
Why, say bye bye  
When it only makes me cry  
I still  
Light up like a candle burnin' when he calls me up  
I still  
Melt down like a candle burnin' every time we touch  
I still  
Light up like a candle burnin' when he calls me up  
I still  
Melt down like a candle burnin' every time we touch  
Oh say what you will  
He does me wrong and I should be gone  
I be lovin' you baby and it's much too much

Can't I go my severed way?

Some rain for my sunny day

Not even one reason to stay

Why?

I should've left you

Why?

I can't forgetcha baby

Why?

Ever since I metcha it's

Why?

I still

I still

Light up like a candle burnin' when he calls me up

I still

Melt down like a candle burnin' every time we touch

I still

Light up like a candle burnin' when he calls me up

I still

Melt down like a candle burnin' every time we touch

I still

He does me wrong and I should be gone

I be lovin' you baby and it's much too much
