Shut 'Em Down

LL Cool J

I can shut a nigga down so quick my sounds so sick

My talents spread around while I'm holdin' my dick

My dingling shit flip emaculate

Evolutionary flows, y'all want more doughMake wit the best, get the best, all the rest hit 'em less

Rip a nigga from the East to the West

Just a lyrical maze, lyrical days

God works in mysterious waysI'm the warlord of war, relieve the raw dog

Niggas ain't even comin' close to my low score

Niggas fleein' when I'm rippin' on the hard core beat

That's slammin' through your jeep like a 44 Mack to your backNigga L never got rip by a track

I don't fuck around, always come back

For the lyrical miracle day one platinum plaque right off the back

Looked at every nigga wit the mic on my armA time-bomb blowin' up ring the alarm

Cool double O flow well to the LL

I'm leave the world looking hard as hellI shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)I shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me) To the next plateau niggas bet my flow

Betta bet I role wit more control

Gotta bring the heat that eliminate who can't compete

Spit razors to rip the beatRelentless, endless, friendless when it comes to the lyrical mack

Now, off my back, stack 'em, drag 'em, now, feds waggin'

Hear you fassen, place on the blood of my veins without passion

Mashin', take a little time to think the rhyme outHow to find out, bump and grind out, pump the lines out

I'ma show what the microphone is all about without doubt

C to the double O, bounce in the bubble eye Limo

No, I ain't checkin' for you bull shit demo

Every time you hear me in a battle I'm lethal

Nigga too sweet n' low you ain't equalI shut 'em down, I shut 'em down

I shut 'em down, I shut 'em down

I shut 'em down, I shut 'em down

I shut 'em down, I shut 'em downI shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)I shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)I shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)I shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)I can take you to the level if I let my phantom

Nigga 'bout to rule the world wit one anthem

Kidnapped rap for a handsome ransom

Smoke a little Branson on the side of the mansionKeep it thugged out even when a nigga dancing

Branson make that trans and keep it dancing

I'ma murder every nigga in the game

Can't stand the rain, fuck a maintainGotta leave the world in flames

Nigga wanna live life stay out of my lanes

Tryin' to read my name

Here's a murderous combo wit you on your painSideways stimulator bringin' the flames

Niggas wanna feel me, spit the whole clips

Sing along it will split your lip

45 wit an name on the grip

Niggas said, "You wanna battle?" Nigga now talk shitI shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)I shut 'em down

(Get off me, you can't hold me)

I shut 'em down

(Get off me, you can't hold me)
