

Back to Oblivion (Acoustic)

Finch

Give me a reason, Tell me what you know.
Burning in the lime light, Dim the afterglow.
Is it all in vain, It never had a face.
Ever getting better, The future's taking shape.
Traces that move, Clouding my view.
Strap her in boy, We're sending you...CHORUS:
Back to oblivion,
Back to oblivion,
Back to oblivion,
Send my message out.I feel it in my bones, I hear it in the air.
Shatting the brain waves, Holding me here.
Seven years of madness, Four more for staying.
Separate the universe, As I'm heading...CHORUS:
Back to oblivion,
Back to oblivion,
Back to oblivion,
Send my message out.I think we're caving in,
I think we're caving in,
I think we're caving inCHORUS:
Back to oblivion,
Back to oblivion,
Back to oblivion,
Send my message out.CHORUS:
Back to oblivion,
Back to oblivion,
Back to oblivion,
Send my message out.
