

# We Won't Back Down

## HammerFall

Silence, we have sworn  
The oath, protect the earth, the sun and moon  
My precious friends  
United we stand 'till the endThe vision, future's demand  
Has been written in the palm of our hands  
When we charge the storm clouds amass  
Cuz the ace of swords will lead on this glorious dayHold your heads high  
Reach for the sky  
Never surrender  
We Won't Back Down  
The power within  
Our remedy for sin  
The true life defenders  
We Won't Back DownBattles, we have won  
We bled, but never once we've fallen down  
Form dusk 'till dawn  
Standing with our mighty sowsrds drawnThe future lie straight ahead  
Our dreams within reach, not mislead  
We are here, true warriors on the line  
Forever we'll be the sun in the tarot deck of cardsHold your heads high  
Reach for the sky  
Never surrender  
We Won't Back Down  
The power within  
Our remedy for sin  
The true life defenders  
We Won't Back DownCuz the ace of swords will lead on this glorious dayHold your heads high  
Reach for the sky  
Never surrender  
We Won't Back Down  
The power within  
Our remedy for sin  
The true life defenders  
We Won't Back Down  
We Won't Back Down  
We Won't Back DownWe won't back down, we are partners in crime  
We are true life defenders on earth
