

Do You Wanna Tangle?

Farewell Continental

Cape Cape Canaveral
Go go catastrophe
Shes into medicine
Neck deep in therapy Where she goes I go
Shes a lonely girl Down with the Dramamine
Up with the comedy
She plays cadaver
But shes clever with the eulogies Where she goes I go
Shes a lonely girl I should call it quits
Before Im in too thick
Do I wanna tangle or do I wanna go it alone?
If the mitten fits
Am I confined to it?
Do I wanna tangle or do I wanna go it alone? Port Port Authority
Run run evacuate
Hes into chemicals
Nose deep in figure eights Where he goes I go
Hes an injured soul Down with indifference
Up with torridity
Hes just an effigy of someone I used to love Where he goes I go
Hes an injured soul Do I tell the truth?
Hes had enough abuse
Do I wanna tangle or do I wanna go it alone?
Can I change without
What little he puts out
Do I wanna tangle or do I wanna go it alone? [x4]
Do you wanna tangle or do you wanna go it alone?
(Cape Cape Canaveral, Go Go Catastrophe)
Do you wanna tangle or do you wanna go it alone?
(Port Port Authority, Run Run Evacuate) Do you-
