

Hiding Place (Instrumental)

Promise Land

Verse 1

Hiding Place in the walls of the Netherlands -
'Grand Old Man' plays his role as the watchman.
Secrets from the guards who raid in hopes to find..

Rations start to quickly run dry.
Your Chosen ones is why she chose to chance her own life.

Depravity! Hatred of Humanity! -

Lord, tell me!Chorus

Oh God can I love the enemy?

Forgive what they have done?

Take me to the cross and show me the Son.

(Show me the price You Paid)

I see the blood of Your salvation, Given to a world in need..

Your love poured from the heavenly!Verse 2

Winter air, silent clock, the wall is down.

Steel chains now separate the family.

Ravensbruck she goes to fill her destiny.

Cries as her sister breathed her last.

Can God's love run deeper than this well's path?

Depravity! Hatred of Humanity! - Lord, tell me!Bridge

As a "Tramp for the Lord" returns to Germany.

Among the crowd stood the soldier who's now in need.

"Oh God" she prays, "Give me Your love".

And the Lord touched her heart as she reached for his hand.

Once the guard, the prisoner, now embraced.

"Never had God's love been so intense upon me!" .Ending

Every sun that sets on the hate you find -

Every passing day that you try to hide -

Consuming your soul as it takes control of your life.Harboring revenge that you dream - You have justified!

Taken prisoner by the lies - Before you could see.

To love To pass To forgive all our painYou got to Forgive - Let it Go - Let God's love flow..

You got to Forgive - Let it Go - Or it destroys your soul

You got to Forgive - Let it Go - Let the cross be shown
