

Up to You

Chris Brown

Advisory - the following lyrics contain explicit language:

What the hell, babe
Damn, I ain't never felt this way
Somebody, somebody, tell me
I don't have a clue what to do
When it comes to you Baby, you're so beautiful
Every time I see you, girl, it throw me off
It's so unusual for me to be waiting
But I don't want to blow it, girl
But you should know this, girl I'm not gonna be the one to mess this up
'Cause I done effed up in love before
I'ma be the one to take a back seat girl
We can take our time and you can run this Stay in, go out, anything you want, girl, we can do
Girl, are we going down? I don't know
But from here now, baby, I'm gonna leave that up to you
I'm gonna leave it up to you What the hell, babe
Make me wanna jump out an airplane
The way it feels, I just can't explain
I don't wanna lose it
So I'm just gone stay out my own way Baby, you're so incredible
Every time I see you girl, it throw me off
It's some kind of special so I'm gonna keep waiting
But I don't wanna blow it, girl
But you should know this, girl I'm not gonna be the one to mess this up
'Cause I done effed up in love before
I'ma be the one to take a back seat girl
We can take our time and you can run this Stay in, go out, anything you want, girl, we can do
Girl, are we going down? I don't know
But from here now, baby, I'm gonna leave that up to you I'm not tryna be a heart breaker like I was before
That was the old me
I've made so many tears, I don't wanna make, no
Make no more So give me your list, yes, I'm checking things off
Ready to go to work, baby, you can be boss

And I'm okay with it, ain't gone play with it
So baby, girl, it's your call I'm not gonna be the one to mess this up
'Cause I done effed up in love before
I'ma be the one to take a back seat girl
We can take our time and you can run this Stay in, go out, anything you want, girl, we can do
Girl, are we going down? I don't know
But from here now, baby, I'm gonna leave that up to you I'm gonna leave it up to you, I'm gonna leave it up to
you
I'm gonna leave it up to you, I'm gonna leave it up to you
I'm gonna leave it up to you, I'm gonna leave it up to you
