

# With a Love Like You (feat. Jamie Pineda)

## Sweetbox

I remember the day when we first got close  
It was out on the beach under the warm sun  
Just breathing the air there was never a care  
Wishing our dreams could be a reality  
Now I notice when you touch me it don't feel the same no more  
I feel the cold of winter in your hands  
How I wish that I could say it  
But I don't wanna fall apart  
I wish that you could see the true reality  
I'm over your eyes  
I'm over your touch  
And I'm over the promises that you've broken  
When you call me at night  
With the sound in your voice  
And undo the reasons I had for leaving  
When I'm out of "I love you"s and I'm out of "Goodbye"s  
You know how to hold me and dry my eyes  
What should I do with a love like you?  
So I keep holding on the best that I can  
I'm hoping you'll see the situation  
But I don't know how long I can handle the pain  
I think it's time to face reality  
Cause I notice when you touch me it don't feel the same no more  
I felt the cold of winter in your hands  
I try to say the words but I can't get to the core  
And I wish you could see the true reality  
I'm over your eyes  
I'm over your touch  
And I'm over the promises that you've broken  
When you call me at night  
With the sound in your voice  
And undo the reasons I had for leaving  
When I'm out of "I love you"s and I'm out of "Goodbye"s  
You know how to hold me and dry my eyes  
What should I do with a love like you? (love like you)  
First it hurts then it don't  
Though my heart says it won't  
With a love like you  
Boy it's wrong when it's right  
I'm stuck in this fight  
With myself over you  
What am I supposed to do?  
I'm over your eyes  
I'm over your touch  
And I'm over the promises that you've broken  
(When you call me at night)

With the sound in your voice  
And undo the reasons I had for leaving  
When I'm out of "I love you"s and I'm out of "Goodbye"s  
You know how to hold me and dry my eyes  
What should I do with a love like you?
