

Order of the Chainsaw

Cut Up

The smell of gasoline mixed with blood
Forcing the chain to chew the meat
Euphoric rapture fed from the screams of the dying
To satisfy their maiming urgeKnee deep in gore
Caress the mutilated torso
An army bred for dismembermentThe order of the chainsaw
The order of the chainsawSawed up bodies left in rotting piles
In a putrefaction process to mold
Unpleasant reek when the festered remains erupt
Surrounded by their innards pusWorshpier of the flesh caving machinery
They cut simultaneously through the spine
In a shower of blood, with violence they rule
They follow only one law - the chainsaw
They follow only one law
The order of the chainsaw
