

# He Can't Love U

## Jagged Edge

I ain't no hater or nothing  
But he can't love you like I can  
Trust me As the clock strikes twelve  
I'm sitting here wondering how the hell  
Did I let you leave  
And baby I know that I did my share  
Of things to deceive you  
I'm just trying to get an understanding  
Of what to do  
'Cause I'm halfway going crazy  
Girl they can't fade me He can't love you like I love you  
Baby you know it too  
And you should never wanna be with a man  
If he can't be a man  
And do the things to you like I can He can't love you like I love you  
Baby you know it too  
And you should never wanna be with a man  
If he can't be a man  
And do the things to you like I can I stop, and I wait, and I think  
That I never met someone to make me feel  
Like I'm ready to love  
So I gotta do what I gotta do  
Just to keep you, keep you here with me baby  
Now I feel it's time for me to say  
That I need you boo  
And I can go a day with out your lovin'  
Baby I can live without you I know, that you know  
No matter where you want it baby  
Ain't no it's, what's or but's or maybes  
And I know that one day you'll see  
He can never love you like I love you He can't love you like I love you  
Baby you know it too  
And you should never wanna be with a man  
If he can't be a man  
And do the things to you like I can He can't love you like I love you  
Baby you know it too  
And you should never wanna be with a man  
If he can't be a man  
And do the things to you like I can He can't love you

He can't, he can't love you girl  
He's never gonna love you girl like I love you girl  
He can't, he can't love you girl  
He's never gonna love you girl like I love you girl  
He can't, he can't love you girl  
He's never gonna love you girl like I love you girl  
He can't, he can't love you girlHe can't love you like I love you  
Baby you know it too  
And you should never wanna be with a man  
If he can't be a man  
And do the things to you like I canI'm telling you he can't love you like I love you  
Baby you know it too  
And you should never wanna be with a man  
If he can't be a man  
And do the things to you like I can
