

# Greatest

## Lady Gaga

I don't know why you're hurt inside  
Or what was said to make you cry  
I hope that you can see  
You are the greatest thing to me and when  
You feel like your not enough  
I'll give you wings I'll lift you up  
I hope that you can see you are  
The greatest, greatest thing to me  
I don't wanna waste another day  
And took hand off you up in the middle of the day (?)  
What I can see is you waste another day

Cuz when Im with you I fall apart,  
I see your permanently broken heart.  
Baby, your the greatest to me,  
No, no matter what, what, what  
I don't know why you're hurt inside  
Or what was said to make you cry  
I hope that you can see you are the greatest  
Thing to me and when anekatips  
You feel like your not enough  
I'll give you wings I'll lift you up  
I hope that you can see you are the greatest  
Greatest thing to me
