

# Problem Child

## Simple Plan

Here we are again  
Wake up 5 am  
I didn't mean a word I said  
Can we just pretend I can take it back?  
Change the way the story ends  
I remember when things were simple then  
Didn't know we hurt this way I would fall asleep, you would carry me  
You would take my fears away  
Am I messed up? forever flawed  
Beyond repair but forever yours All my life all I ever did was try and try  
I never meant to be your problem child  
Your problem child, yeah  
I don't know why I always find the way to make you cry  
I never meant to be your problem child  
Your problem child, yeah When you look at me I wonder if you see  
All the things you thought I could be  
All the crazy night, all the stupid fight  
All the tears that filled our eyes Am I messed up? forever flawed  
Beyond repair but forever yours  
All my life all I ever did was try and try  
I never meant to be your problem child  
Your problem child, yeah  
I don't know why I always find the way to make you cry  
I never meant to be your problem child Your problem child, yeah  
All my life all I ever did was try and try  
I never meant to be your problem child  
Your problem child, yeah  
I don't know why I always find the way to make you cry  
I never meant to be your problem child  
Your problem child, yeah  
Yeah
