

Best Intentions

Cartel

Ive been, wondering how
Its been years, oh yes three years now
Since I have found what Im looking for
Since I have found what I was before
Look at me now, Im screaming
Im crying out while Im reeling
From jilted ambitions
Oh, I've got the best of intentionsAnd now I cant stop shaking
Because my will is breakingFallen to pieces, still I cant find the reason
To get me out of this place
Better off now in the worst ways
Fallen to pieces, maybe its just what I needed
To get out of my own way
Better off now than the first placeIve been walking around,
With my head stuck up in the clouds
So sick and tired of being
So sick and tired of this feeling
Look at me now, Im screaming
Im crying out while Im dreaming
Of lofty ambitions
But I have the best of intentionsAnd now I cant stop shaking
Because my will is breakingFallen to pieces, still I cant find the reason
To get me out of this place
Better off now in the worst ways
Fallen to pieces, maybe its just what I needed
To get out of my own way
Better off now than the first placeIf there's a lesson in the fall
Then why do I care at all
I just cant seem to recall
What I intended all alongFallen to pieces, still I cant find the reason
To get me out of this place
Better off now in the worst waysFallen to pieces, still I cant find the reason
To get me out of this place
Better off now in the worst ways
Fallen to pieces, maybe its just what I needed
To get out of my own way
Better off now than the first place
Better off now in the worst ways
Better off now than the first place
