Ride

JTR

Hey you know I got the door
Put your bag on the floor
Then you're moving close
Hey you got your red dress on
So you better hold on when it's time to rollI put down the rooftop baby
We take it slow I know way to go oh oh
So turn up the music baby
Your favourite song on the radio oh ohCome on baby take a ride with me now
I wanna take you to a place where we go
Oh oh oh oh [x3]
Lets take a ride now
Come on baby I will show you my world
Where we could let everything else just go girl
Oh oh oh oh [x3]Lets take a ride now
Ah ah ah
Lets take a ride now
Ah ah ah
Lets take a ride now
Ah ah ah
Lets take a ride now
Oh oh oh oh [x2]Hey we don't need no map we find our own way back
If we want to go home
Hey I got my phone swiched off
So it's only us
We're all aloneI put down the rooftop baby
We take it slow I know way to go oh oh
So turn up the music baby
Your favourite song on the radio oh ohCome on baby take a ride with me now
I wanna take you to a place where we go
Oh oh oh oh [x3]
Lets take a ride now
Come on baby I will show you my world
Where we could let everything else just go girl
Oh oh oh oh [x3]Lets take a ride now
Ah ah ah
Lets take a ride now
Ah ah ah
Lets take a ride now
Ah ah ah

Lets take a ride now
Oh oh oh oh [x2]Where ever we may go
It's you, me and the road
Put everything on hold
We pass the city lights
It's where we fell alive
I hope this will last foreverCome on baby take a ride with me now
I wanna take you to a place where we go
Oh oh oh oh [x3]
Lets take a ride now
Come on baby I will show you my world
Where we could let everything else just go girl
Oh oh oh oh [x3]Come on baby take a ride with me now
I wanna take you to a place where we go
Oh oh oh oh [x3]
Lets take a ride now
Come on baby I will show you my world
Where we could let everything else just go girl
Oh oh oh oh [x3]Lets take a ride now
Ah ah ah
Lets take a ride now
Ah ah ah
Lets take a ride now
Ah ah ah
Lets take a ride now
Oh oh oh oh [x2]
