I Got U

Tuxedo

Baby I feel so good inside 'cause I got you, yeah I got youI feel so lonely for a long, long time
I never ever thought that I would find someone [?]
Someone who cares
When I stare into your eyes [?], flying in the airIt's the touch that lifts me up and turns my life around
[?] right off the ground (Nothing can get me down 'cause)Baby I feel so good inside 'cause I got you, yeah I got youYou are the one for me, so glad I got you girl
And I'm the one for you
You are the one for me, so glad I got you girl
And I'm the one for youSo glad I got you girl, it feels so [?]I can't believe you got me [?] this way
You got me saying things I'd never say
It sounds so crazy, but it's true
Whether with you or without you all I think about is youIt's the touch that lifts me up and turns my life around
[?] right off the ground (Nothing can get me down 'cause)Baby I feel so good inside 'cause I got you, yeah I got you
