

# Blood Oranges in the Snow

## Over the Rhine

Just a little while longer  
Before we know  
We'll be eating blood oranges  
In the snowThe border crossing  
Was moving slow  
With all this weather  
It's been touch and goBut we keep driving  
We're not afraid  
The snow in our headlights  
Confetti in a paradeAnd we've got maybe  
Oh, a 100 more miles  
I'm gonna hold Grace's baby  
They say she's all smilesJust a little while longer  
Before we know  
We'll be eating blood oranges  
In the snowDaddy's gonna play Red Wing  
Like it's the only song he knows  
Mama's washin' dishes  
Singin' soft and lowShe'll ask me to play  
From the gospel hymnal  
Try to find an old song  
She don't knowWho Made The Lilies?  
On The Jericho Road  
Let The Lower Lights Be Burning  
Be Still My SoulJust a little while longer  
Before we know  
We'll be eating blood oranges  
In the snowAnd he will gather us  
All of us kids  
And read pioneer stories  
Of the great north woodsAnd the silent panther  
Patient in the trees  
With the pioneer children  
Walkin' home beneathJust a little while longer  
Before we know
