

# Standing In The Need Of Love

## Dusty Springfield

It's me, it's me, oh, baby, it's me  
Standing in the need of love  
It's me, it's me, nobody but me  
Standing in the need of love  
Oh, standing in the need of love, yeah

It's me, it's me, oh, baby, it's me  
Standing in the need of love  
It's me, it's me, I said definitely  
Standing in the need of love  
Oh, standing in the need of love, yeah

Not my brother or my sister that you see  
Not my mother or my father, no sir'ree, yeah  
Well, it's not my neighbour and it's not my friend  
Won't you have a little mercy on this heart of mine?, oh, oh

It's me, it's me, oh, baby, it's me  
Standing in the need of love  
It's me, it's me, nobody but me  
  
Standing in the need of love  
Oh, standing in the need of love, yeah

It's me, it's me, oh, baby, it's me  
Standing in the need of love  
It's me, it's me, oh, baby, it's me  
Standing in the need of love, yeah  
Standing in the need of love, ow  
I said, standing in the need of love

Not my brother or my sister that you see  
Not my mama or my father, no sir'ree, yeah  
Well, it's not my neighbour and not my friend  
Won't you have a little mercy on this heart of mine?

Oh, it's me, it's me, oh, baby, it's me  
Standing in the need of love  
Me, me, nobody but me  
Standing in the need of love, yeah

Standing in the need of love, ow
