

Mellow

Tricky

I'm gonna see my baby
She makes me feel like movin'
I'm gonna see my baby
She makes me feel like movin'
She makes me feel high
She makes me feel low
I'm gonna see my baby
She makes me feel like groovin'

I see you go to see your baby
Does she make you feel like groovin'?
You go to see your baby
She make you feel like groovin'
She make you feel high
She make you feel low

She make you feel low
She make you feel like
Spend your money
She make you feel high
She make you feel low
She make you feel high
She make you feel low

Need my honey

Like you feel

I need my honey

She makes me feel

She makes me feel

Need my honey

Need my

Need my honey

Need my

Need my honey

Need my

Gonna go see my honey

Gonna go see my honey

She makes me feel like groovin'

She makes me feel high
She makes me feel low
When you go to see your honey
When I go to see my honey
Need my honey
She makes me feel
She makes me feel
She makes me feel
