Find a New Way

tUnE-yArDs

If it takes away the pain it's all right
We're living so hard you might not make it through tonight
Follow the bright lights, they might change you
If you get lost along the way it's all rightWe'll find another way to dance, we'll find another way to dance
If you get the chance you must dance, dance, dance
We'll find another way to dance, we'll find another way to dance
If you get the chance you must dance, dance, danceIf you get caught out in the storm it's all right
You're livin' so hard, you can't stay dry when you're out tonight
Stare at the bright lights, they might blind you
Look at them too long and you might see it's all rightWe'll find another way to dance, we'll find another way to dance
If you get the chance you must dance, dance, dance
We'll find another way to dance, we'll find another way to dance
If you get the chance you must dance, dance, danceBe what you believe, stand up, break free
Be what you believe, bright lights, can you see?
Be what you believe, stand up, break free
Be what you believe, bright lights, can you see?We'll find another way to dance, we'll find another way to dance
If you get the chance you must dance, dance, dance
We'll find another way to dance, we'll find another way to dance
If you get the chance you must dance, dance, dance
