

Limbo

Jojo

Where am I? Need to get out
Who am I? Figure it out
Trapped inside my own shell
My mind holding me down
Question what's this about
Not feeling like myself
Not feeling like myself
What's real keeps shifting
Can't feel the ground beneath me
I'm hanging on the edge
And I'm afraid to hold on
Afraid to let go
Too scared to venture into the unknown
My heart says move on
I'm ready to run
I'm waiting for courage
Cause I'm stuck in limbo limbo limbo
Cause I'm stuck in limbo limbo
And I ain't trying to be stuck no more!
It's time to take a chance
Right now no turning back
Forget my fear of failing
What's worth risking my life
It's my choice to try to fly
And I choose to break free
And I choose to break free though
What's real keeps shifting
Can't feel the ground beneath me

I'm hanging on the edge
And I'm afraid to hold on
Afraid to let go
Too scared to venture to the unknown
My heart says move on
I'm ready to run
Waving for courage
I'm stuck in limbo, limbo, limbo
I'm stuck in limbo, limbo
And I ain't trying to be stuck no more!

No oh whoa
I wanna run, run, run, run
Wanna run to freedom
Trying to find the strength with in me
Me... And I'm
And I'm afraid to hold on
Afraid to let go
Too scared to venture into the unknown
My heart says move on
And I'm ready to run
I'm waiting for courage
I'm stuck in limbo, limbo, limbo
I'm stuck in limbo, limbo, limbo
Limbo, limbo, limbo
I'm stuck in limbo, limbo
And I ain't trying to be stuck no more!
No more, no more, no more
No more, no more, no more, no more
I'm stuck in limbo
